EXECUTIVE SUMMARY

An aspiring **Full Stack Developer** to improve my knowledge in Computer Science and Engineering along with **Problem Solving** skills and to contribute to **innovative projects**, and to work to improve technical knowledge in all aspects.

SKILLS

- **Languages** : HTML, CSS, JavaScript, Python, Java, SQL
- **Frameworks** : Angular, React.js, Node.js, Express.js
- **Tools & Platforms** : Git, Github, WordPress, Flask, Web Scraping, VSCode, Postman,
- **Databases & Softwares** : MongoDB, MySQL, PostgreSQL, Photoshop, Premiere Pro, After Effects

PROJECTS

Aboorva Foods Automation (Internship) - Realtime Project Dec 2025 - Jan 2026

- Built a business automation ecosystem as a Software Development Intern, utilizing Excel VBA and WhatsApp API to digitize operations to improved business efficiency.
- Streamlined customer ordering and marketing workflows, which reduced manual data entry and improved business efficiency.

ServeEasy Application - <https://github.com/anbuchelvanvk/serveeasy-flutter-firebase> Aug 2025 - Jan 2026

- Developed a cross-platform repair service application using Flutter and Firebase, featuring a web dashboard for technician and admin management with realtime data updation with admin chat support.
- This project was shortlisted in Top 10 in the Nasscom × Gnani.ai "Automation Using Agentic AI" Hackathon.

BMI Calculator Application - <https://github.com/anbuchelvanvk/BMI-Calculator> May 2025 - June 2025

- Developed a sleek Flutter application that calculates BMI from user inputs to provide instant health category.
- Dynamic Visual Feedback: Integrated an intuitive, dynamic UI that automatically displays outline images.

Chat Application - <https://github.com/anbuchelvanvk/Python-Chat-Application> Feb 2025 - Mar 2025

- This project implements a basic chat system using Python's socket module and Tkinter for GUI interaction.
- The server waits for incoming connections, while the client establishes a connection to send and receive texts.

EDUCATION QUALIFICATIONS

Paavai College of Engineering 2022 – 2026

B.E - Computer Science and Engineering
CGPA compliance: 7.9

Jeeva Velu International School 2021 – 2022

Higher Secondary Certificate
Completed with 64% on 2022

ACHIEVEMENTS

- Presented at Top 10 in Nasscom × Gnani AI's "Automation Using Agentic AI Hackathon" with my team.
- Co-coordinated on conducting a college program called Code Debugging and made a remarkable presence, and won 2nd place in Shortfilm making.
